

## Editorial Opportunities

Neonatal Intensive Care offers advertisers editorial coverage in every issue. Companies providing products and services are invited to send papers for possible publication in the journal.

Companies may send any of the following for publication:

- Clinical papers about relevant therapies
- Studies commissioned by companies
- Papers published in support of products and therapies
- Research studies and reports prepared by in-house personnel
- Works in progress in any of the above categories
- Product reviews and product case studies

Submissions are welcomed from any company involved with providing neonatal/perinatal care products, techniques or relevant services. All modalities of care and applications will be considered.

### How To Submit Editorial/Advertorial

Editorial material should be e-mailed to [s.gold4@verizon.net](mailto:s.gold4@verizon.net). (No hard copy is necessary.) Figures may be submitted as jpegs or pdfs or embedded in the e-mailed manuscript. E-mailed papers should be attachments in word, and unformatted. Please do not “design” your submission. We do not use ® or ™ marks in the journal. Please be sure your article submission does not read merely like an advertisement for your product. Please review your submission carefully; we do not send out proofs prior to publication. For questions please contact us at: [s.gold4@verizon.net](mailto:s.gold4@verizon.net), phone: 310-443-4109.

### Important Note

While we will consider all submissions for publication, we prefer clinically-oriented pieces. Neonatal Intensive Care retains the right to edit and/or reject all submitted material. All papers should include an author byline. In all cases and without exception, Neonatal Intensive Care will clearly identify the source of the article and the affiliation of the author. All material submitted is published at the sole discretion of the publisher and editors.
